In accordance with the test report No. **23110047**, provided by MASS Laboratuvar ve Danismanlik Hizmetleri A.Ş., our products have been thoroughly tested and meet the stringent restrictions for the use of hazardous substances. The testing methods are in compliance with the IEC 62321 series of standards.

The specified models do not exceed the limit values for the following substances:

- Cadmium (Cd) < 0.01%
- Lead (Pb) < 0.1%
- Mercury (Hg) < 0.1%
- Hexavalent Chromium (Cr(VI)) < 0.1%
- Polybrominated Biphenyls (PBB) < 0.1%
- Polybrominated Diphenyl Ethers (PBDE) < 0.1%
- Phthalates (including DBP, BBP, DEHP, and DIBP) < 0.1%

This declaration reflects our understanding and belief, based on the tests conducted by a third-party organization, that our products are designed and manufactured with not only compliance but also the safety and environmental health of our customers in mind.
